GMRC GAS MACHINERY CONFERENCE 2015

Call for Papers

Papers related to gas compression machinery topics are being accepted for the GMRC Gas Machinery Conference, October 4 - 7, 2015, in Austin, Texas.

For details and submittal forms, click here or paste this URL into your browser: http://www.gmrc.org/call-for-papers.

Deadline for submissions is February 18th, 2015

Thank you for your interest in GMRC.

Training: Workshops / Conferences 2015

- Applied Principles of Engines & Compressors
  April 28 - May 1
  Denver

- Introduction to Gas Turbines and Centrifugal Compressors
  April 29 - 30
  Denver

- Compressor Station Vibration and the Impact on Performance, Cost & Reliability
  April 29 - May 1
  Denver

- Factors in Compressor Station Design
  April 29 - May 1
  Denver

- Engine Analyzer & Reliability Workshop
  July 28 - 30
  Pittsburgh
**Board and Committee Meetings -- January 2015**

**Project Supervisory Committee Meeting**

- Joint session with PRCI (January 27-28, 2015)
- Location is GALLERYone Doubletree Hotel, Fort Lauderdale, FL

**GMRC Board of Directors Meeting**

- January 29, 2015
- GALLERYone Doubletree Hotel, Fort Lauderdale, FL

**Annual Report to Members**

**2014 GMRC Gas Machinery Conference**

The GMC continues to be the premier machinery conference in North America. We had record number attendance of 1,319 with over 126 companies showcasing the latest equipment, technology and services. Thank you to the GMC 2014 planning committee & supporting sponsors!

As Chairman of the Planning Committee, Keith Schafer (Columbia Pipeline Group) did an outstanding job. And of course, he couldn’t have done this alone. To view the entire committee list, [CLICK HERE](#).

THANK YOU to our GMC 2014 Sponsors!

- **Ariel** - Monday Night Reception
- **Dresser-Rand** - Monday Night Football Party
- **Hoerbiger** - Tuesday Breakfast
- **Siemens** - Welcome to Nashville Reception
- **Caterpillar** - Opening Luncheon
- **ACI** - Smart Phone App
- **AGES** - Lanyards
- **CPI** - Conference Bags
- **GE** - Flash Drives
- **Murphy** - Hotel Key Cards
- **Hoerbiger** - Tuesday Breakfast
- **Siemens** - Welcome to Nashville Reception
- **Caterpillar** - Opening Luncheon
- **ACI** - Smart Phone App

GMRC 2015 Research Projects

The following GMRC Research Projects are planned for 2015:

- Guidelines and Recommended Practice for Control of Torsional Vibrations for Direct-Driven Lo-Speed and High-Speed Separable Reciprocating Compressor
- Predicting the Power Loss of Reciprocating Compressor Manifolds (Phase 2)
- Recommended Approach for Calculating the Power Loss of Reciprocating Compressor Manifolds (Phase 2, Part of Predicting Power Loss Project)
- Development of a Theoretical Basis for Oil Consumption in Reciprocating Compressor Cylinders
- Development of a Methodology for including the Stiffness and Damping of the Motor Magnetic Field in the Torsional Analysis
- Improvements to Dry Gas Seal System Reliability
- The Current Understanding of Wet Gas Effects on Gas Machinery in the Oil & Gas Industry
- Equation of State Comparisons for Pipeline Compression Applications

GMRC Membership List

Thank you to all of the GMRC member companies. A complete list of the current GMRC membership list can be viewed by [CLICKING HERE].
