Understanding and Executing Integrity Management Workshop

November 17-19, 2010

NiSource
5151 San Felipe #2500,
Houston, TX 77056

Instructors

Keith Leewis PhD PEng
Member of ASME B31.8 & B31.8S, & NACE 0502, 0102, 0204, 0206 Code Committees

Bernie Selig
Co-technical editor of B31.8S, manager of B31Q drafting committee

Prior Knowledge Recommendation

In order to get the most from this workshop, it is recommended that students have read (but not necessarily studied or fully understood) the following:

The TIMP Rule (49CFR192 Part O)
The PHMSA Protocols
The TIMP FAQs
Students should also have a fundamental understanding of natural gas pipeline facilities, their design, construction, operation and maintenance.
